

## EGO FLASH – Discrete and complete!

Advanced Bluetooth® hands-free, and multimedia technology, combined with a brilliant high definition OLED display makes the EGO FLASH the leader in its class. Listening to MP3 songs stored on your mobile phone, or any other Bluetooth® enabled MP3 player, is one of the many features of the EGO FLASH. The display provides all the important information, such as caller ID, phonebook entries, call logs, text messages, battery status and more. Industry leading, intuitive voice recognition makes dialing numbers in your phonebook a breeze, ensuring the maximum in safety and convenience while on the road. The EGO FLASH also supports all mobile phone based voice commands and uses cutting edge DSP technology for noise and echo suppression.
